EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS   Remote
Freelance Full Stack Web Developer   June 2021 – Present

[Tip Calculator](#) — A bill calculator that takes in the total bill and tip percentage and divides the bill equally amongst the available people.
- Built with: JavaScript, HTML5, CSS3 | [GitHub repo](#)

[Lease a home](#) — This is an apartment web app that allows a user to sign up, log in, and make leases on particular apartments.
- Built with: React, CSS3, Bootstrap, Ruby on Rails
- Successfully led a team of 4 remote developers, in designing and developing a leasing system using React for the user interface and Rails for the API. We managed to finish production 2 days before the deadline and had enough time to add extra details. | [GitHub repo](#)
